

James Greenwood

Producer/Songwriter/Mixer

Ghost Culture – aka Margate-based songwriter producer and mixer James Greenwood – is a long time collaborator of Daniel Avery, having co-written and produced all of his notable releases. Most recently he has finished co-writing and producing Kelly Lee Owens’s hotly anticipated upcoming second album ‘Inner Song’, having also co-written and produced her self-titled debut LP. As a solo artist Greenwood has gained recognition from his self titled album released on Erol Alkan’s label Phantasy Sound in 2015. The follow up EP ‘Nucleus’ received critical acclaim, along with his most recent production of Falle Nioke’s single Barké, which has received unending support from Mary Anne Hobbs and Huw Stephens at BBC 6 Music.
