

Danio

Writer / Producer / Musician / Mixer

Danio (Pier Danio Forni) is a singer, songwriter, record producer and multi-instrumentalist based in London, originally from Bologna, Italy. He is the founding member and the mind behind Husky Loops. The band quickly got recognition for their unique sound, supporting and touring with big acts like The Kills, Spoon, Placebo and David Byrne, and collaborating with Rankin and ballet dancer Sergei Polunin. They are signed to Danger Mouse's record label in the USA. Danio is fast becoming one of the most exciting young producers in the country – having worked with Jim Eno, Jacknife Lee, Jammer, Fred Gibson (Fred Again..), Stefan Olsdal and Boy Better Know to name a few. His forward thinking production style and rule-breaking/genre-bending approach has seen up and coming artists like TWST (latest signing on Good Soldier) receive great attention both in US and the UK. The main musical collaborator of Kari Faux's, Danio has co-written and produced her latest mixtape 'Lowkey Superstar' along with her new album (unreleased), and is currently working with a host of R'n'B and Hip-Hop artists in the US as well as numerous up and coming artists in the London grime scene.
